StarBird Parrot Products, LLC, makers of bird toys in Santa Monica, Calif., expanded into Canada with StarBird Canada. Founding partner Anne Eilers will manage the new online store based in British Columbia with support from company President Bonnie Jay and Marketing Partner Ronny Uehling.

“We are thrilled to be able to supply Canadian bird owners with our innovative enrichment products,” said Jay.

Retail for Canadian customers will still be available through the company’s website, [www.eStarBird.com](http://www.eStarBird.com), but now Canadian shipping rates are available. Canadian wholesale and distributors can contact Eilers at [anne@eStarBird.com](mailto:anne@eStarBird.com).

“I have long wanted our products available locally to my fellow Canadians,” said Eilers. “I know all too well the complications and costs when ordering from out of the country.”
